

Second Grade Suggested Summer Reading List

(First Grade going into Second Grade)

Dear Families,

Over the summer, students are required to read **two books** and to complete their **math summer workbook**. Students received their math summer workbook at the end of first grade. The reading books and math workbook must be complete before the first week of school in second grade.

These are books that are recommended for your child to read over the summer. You may obtain these books from the library or a local bookstore.

If you find another Scholastic book on their Lexile level they may read that instead.
